SOUTHWOOD SCHOOL

Kinston, North Carolina

Foreword

The doors through which we pass . . . the corridors . . . the moments of sociability before class . . . the classrooms . . . youth coming and going . . . The purpose of the 1957 So-Wo is to record the never ending events of the students of Southwood School . . . In the coming years, the So-Wo will keep alive the memories we have gathered here within these hallowed walls . . . The onrushing future will bring new faces and changes to the scene of our school, but there shall be for us the record of the friends we knew, the things we did, and the memories that we shall always hold near and dear.

Phyllis Alford, Editor

DEDICATION

Known to all students as Miss Kate, she has been called the Great Mistress of Education. It is fitting and important at this time that we dedicate this publication to the greatness of her achievements and to the accomplishments she has achieved by inspiring hundreds of good American children.

Education is democracy in action; in it, all children are free and equal. Using this as her great principle of teaching, she has inspired the fullest expression of freedom, thought, and ideals. She is living positive proof of the American educational system. Alert, keen, humorous, and interested, she has opened the door of opportunity for so many for so long.

It can be said that she has conquered the years rather than the years have conquered her. The character she possesses and the character she builds makes the foundation for this community. With sincerest appreciation for her devotion to all children, we dedicate this third Volume of The So-Wo to Miss Kate McDaniel.

Principal's Message

As we record here, in picture and memory, those persons and events that have meant so much to our way of life, let us be mindful that ours is only a beginning job. We must begin the foundation and build it strong so that those that come after us may find this rock substantial and capable.

In the years to come may we look back upon this record as being a storehouse of treasures for the good that the students, the teachers, and other personnel have achieved.

OPPORTUNITY LIES AHEAD

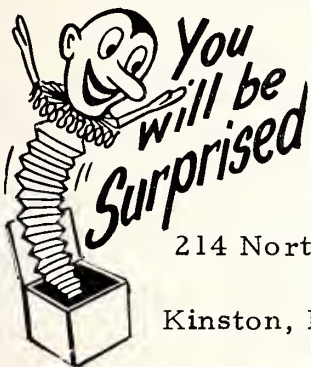

Congratulations, graduates! You have reached an important mark in life. Remember how often you have dreamed of graduation time? Now it has arrived; and you are on the threshold of opportunity--in a land where opportunity abounds.

This is a time of decision, too. Not only your own future, but the future of America, depends upon what you decide to do with your life. Our great, free nation was built by others like you. We believe the Class of 1957 will do its part to protect our freedom and to help America continue to grow.

Southwood School
Route 5
Kinston, North Carolina

Dear Faculty and Student Body:

As you peruse the pages of your 1957 edition of the SO-WO we hope that, in some way, this book will help you to recall the many events and cherished memories in this 1956-1957 school year.

We wish to thank our ever loyal and helpful faculty who have guided us patiently and efficiently.

We would like to express our appreciation to the students of Southwood School for their talent, hard work and enthusiastic co-operative spirit displayed in making this book possible.

You will find some imperfection, but we know that you sympathize with our efforts in endeavoring to bring you a yearbook that you will always treasure.

May the SO-WO Staffs of the future benefit from our experiences.

Sincerely,

The SO-WO Staff
